

Rules and Regulations

1. A tennis match can be played by either one player on each side-a singles match OR two players on each side-a doubles match.
2. The rectangular shaped court has a base line (at the back), service areas (two spaces just over the net in which a successful serve must land in) and two tram lines down either side.
3. A singles match will mean using the inner side tram line and a doubles match will mean using the outer tram line.
4. To win a game four points score is requires. The points are known as 15(1 point), 30(2 points), 40(3 points) and the fourth would result in the winning point and the end of that game.
5. If the scores went to 40-40 this would be known as “deuce”. When a game reaches deuce, the player must then win by two clear points.
6. There will be 5 sets for singles, doubles and mix double.
